

**Teachers are Talking about
*Algebra to Go...***

“The format of the skills is consistent, logical, sequential and teacher and student friendly.”

Joanne Johnson, Curriculum Director
Greene County Technical School
Paragould, AR

“This is great reference book for our state proficiency test!”

Terri Pomeroy, Math Department Chair
Vo Technical High School
Las Vegas, NV

“[*Algebra to Go* is] a great tool for both the students and their parents. I love the Almanac! I've used *Math on Call* with my students before and I'm very excited about *Algebra to Go*. It is a great resource.”

Michelle Landry, Teacher
St. John High School
Gulfport, MS

“I like the colorful appeal, well-defined symbols glossary and helpful tables throughout the text.”

Pam Barnett, Math Department Chair
Mt. St. Scholastica Academy
Atchison, KS

“It covers almost everything a high school student should know about math. I like the way the text is organized. It is very user friendly. The 'yellow pages' are especially helpful.”

Janice Brown, Math Chair
Enka High School
Enka, NC
